Apr 4, 2021 If there are mobile templates are deleted, how to create new mobile templates? What is the difference between editing a new mobile template and editing an existing mobile template? Edit: After testing the steps given by @Mark I was not able to recreate the issue. A: What is the difference between editing a new mobile template and editing an existing mobile template? A new mobile template is created when a new mobile project is created. An existing mobile template can be created when a Mobile template is selected from the project and the tab "Mobile Templates" (under the project settings in the "Project" menu). What is the difference between editing a new mobile template and editing an existing mobile template? When you edit a new mobile template (as opposed to editing an existing template), all of the clips that are stored in the mobile template are replaced with the clips that are stored in the mobile template you are editing. As for all of the steps, you can do this in the bulk or serial operations. /* * Copyright 2015 Red Hat, Inc. and/or its affiliates. * * Licensed under the Apache License, Version 2.0 (the "License"); * you may not use this file except in compliance with the License. * * * * Unless required by applicable law or agreed to in writing, software * distributed under the License is distributed on an "AS IS" BASIS, * WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied. * See the License for the specific language governing permissions and * limitations under the License. */ package org.drools.mars.samples.diamond.index; import java.util.Collection; import java.util.HashMap; import java.util.List; import java.util.Map; import org.kie.api.KieServices; import org.kie.api.definition.type.ObjectType; import org.kie.api.runtime.KieSession; import org.kie.api.runtime
